

For metal frame, wood bypass and glass sliding doors.

Enhance customer service. Increase sales.

Plunger II and III Locks provide superior protection and can be easily retrofittable for pre-drilled holes in existing furniture. Operational efficiency, improved customer service and speed to check-out makes Smart Lock the perfect locked cabinet solution.

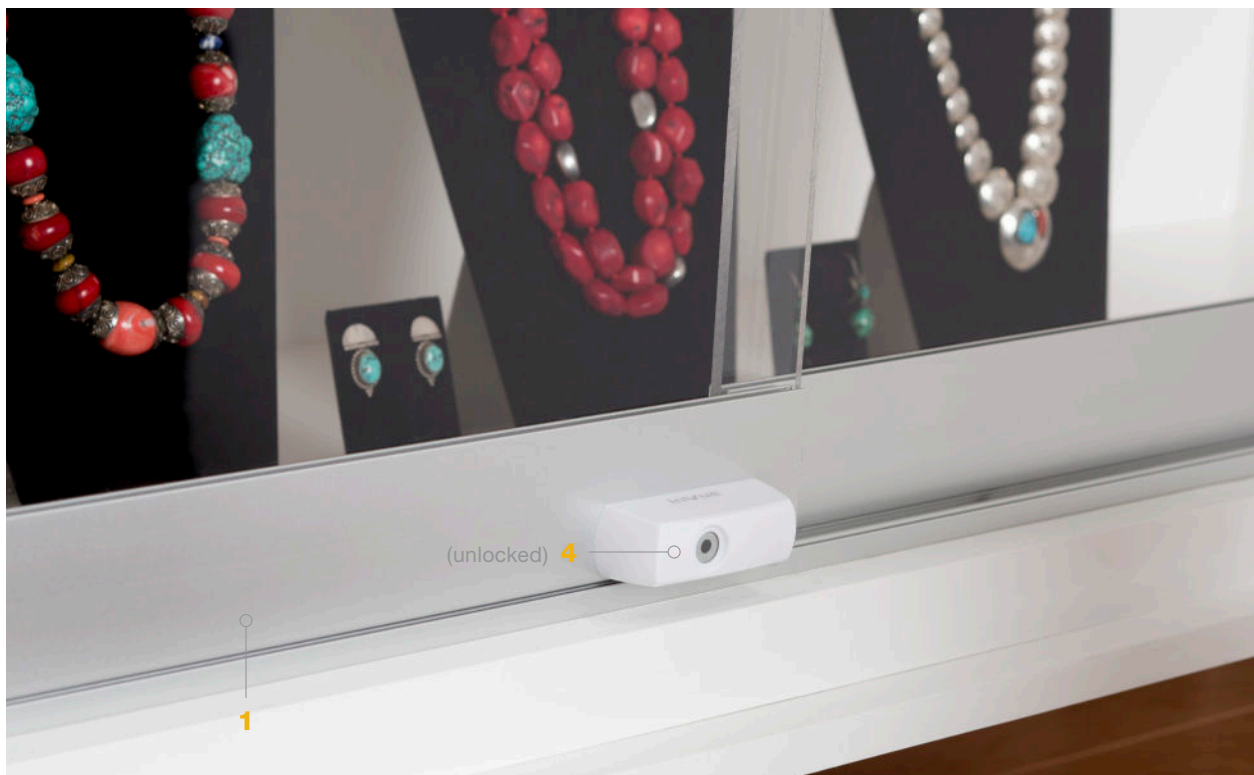

- › Sales associates have access to locked display cabinets, delivering a more timely response to customers
- › Enhanced interaction with customers results in increased sales

Plunger Lock
